1. Which player scored the most goals in their career? **Alan Shearer**
2. Which player had the most appearances? **Frank Lampard**
3. Which player has the highest “goals per game.” **Thierry Henry**
4. Write each player in order of most appearances, starting with the largest. **Frank Lampard, Wayne Rooney, Alan Shearer, Andy Cole, Thierry Henry**
5. Write each player in order of goals-per-game, starting with the smallest. **Frank Lampard, Wayne Rooney, Andy Cole, Alan Shearer, Thierry Henry**
6. If you had to select one of these players now, for your team, who would you choose? Explain...
Answers will vary – i.e) Thierry Henry because he has the best strike-rate.

Number detective

- Mr Hadlow thinks of a 5 digit number.
- It has two-thousands.
- It has 6 hundreds and half-as-many tens.
- It has the highest possible value digit in the ones column.
- The digits themselves add up to 25.

What number did he start with?

Number detective
