

WHITSTABLE & SEASALTER ENDOWED CHURCH OF ENGLAND (AIDED) JUNIOR SCHOOL: PRE-PLANNING ONLINE PUBLIC CONSULTATION

Thank you for your interest in the proposed expansion and improvements to our school in Whitstable.

We are pleased to announce, on behalf of Kent County Council (KCC), the launch of an online **Public Consultation** to showcase our plans.

Under normal circumstances, this event would have been hosted in person, however this has not been possible due to current Government restrictions on public gatherings. As a result, this online event will allow interested parties to view the plans online, review the intended works, and leave feedback for the design team to review. The consultation will **end on Friday 7th May 2021**, after which a formal Planning Application will be submitted. Once the application has been validated, the full proposals will be freely available for viewing via the Local Planning Authority website as well as further opportunity to comment.

Please view the attached PDFs which illustrate the plans. Should you have any comments or queries with the proposals, you are invited to **provide feedback via the link** at the foot of this page where you will be taken to an online-form.

In summary, the proposal is to provide a new kitchen and dining hall to the front corner of the site to better serve the future school cohort. A portion of the existing building will also receive refurbishment including a small extension allowing us to provide two additional classrooms. Finally, there will be a complete toilet refurbishment to help with the future footfall and provide a much-needed upgrade.

With your support, the works will commence Summer 2021 and be completed Spring 2022. Thank you again for your time and interest. We look forward to receiving your feedback via the following link. Please hold the Ctrl key and then left-click to open.
