

Build Your Tomorrow. **Today!**

Dear Parents,

We are pleased to inform you that registration is now open for our Young Engineers STEM Club at Whitstable and Seasalter Endowed Junior School.

In Term 6, the STEM Club will run on the following dates, concluding at 16:35, and is open to pupils in KS2. Each session lasts for 75 minutes and is priced at £14 per session.

Term 6
4 th of June
11 th of June
18 th of June
25 th of June
2 nd of July

To register, please use this link: [\[Class Registrations | Young Engineers\]](#)

****Please note that projects are not repeated. ****

If your child has previously attended our club, they will not revisit any completed projects, unless they specifically request to do so.

About Our STEM Club:

Our hands-on, project-based approach invites students to tackle challenges through creativity, exploration, and team collaboration. Each week, children engage in exciting activities—building, experimenting, and problem-solving in a relaxed, playful environment where “mistakes” are celebrated as learning opportunities. These engaging, real-world activities help foster critical thinking, problem-solving, and a genuine love for learning through playful exploration—laying a strong foundation in engineering in an accessible and fun way.

For a glimpse of the fun and learning that awaits, check out this video: [Watch Here](#).

We look forward to welcoming your child to an inspiring and educational experience this Term!

Kind regards,

Young Engineers Team
