Dear Families

Classes for September

Thursday 2nd July 2026 is our annual transition day which is the same day for all schools in our area. Our new pupils, coming from their infant schools, are invited to spend the morning at the 'Endowed' and our Year 6 children will be visiting their receiving secondary schools. We use this opportunity for all our other year groups and classes to spend the day with the teacher they will be with in September 2026 in their new classrooms.

The new classes from September are shown in the table below.

On Transition Day the children should make their way to their new classrooms with their new teachers, once the school bell is rung.

Transition continues into September when we have special days themed around 'Setting Sail'. These are a gentle introduction back to school after the long summer holiday with days of creative fun, team building and social activities. There will also be activities around our new 'animal' themed class names for the children to enjoy.

Each animal represents one of the World's Continents and will be part of our new 'Voyage of Discovery' themed learning – more to come! As always, thank you for your continued support. We have included below a map of the school so you can see at a glance where the year groups from September will be based, which we hope helps.

With warmest regards,

Ellen Taylor
